

Order ID is duplicating if user delete a order and after that create a manual order

Description:

Observation:

- After deleting a order from order list, if agency creates a order, that order ID will be same as previous one.

Steps to reproduce:

- Login as agency
- Go to order
- Delete a order
- Create a manual order

Actual Result:

- Order ID is duplicating (See attachment)

Acceptance Criteria:

- Order ID Should be auto incremental by 1 after creating each new order
